

# AFRC Automated Line of Duty (ALOD)

## Application Changes

### Application Release Information

Application:	AFRC ALOD
Release Number:	1.1.0
Release Date:	1 April 2010

## Introduction

This document contains the release notes for AFRC ALOD version 1.0. The following sections describe the release in detail and provide late-breaking or other information that supplements the main documentation. This is a maintenance release that includes some new features.

## What's New?

- Units can now be marked as 'Inactive' and will no longer appear in the Unit Select List. The 'Inactive' units will appear in the hierarchy view; they will be identified with a red font for quick identification.
- When the reporting hierarchy for a unit is changed, it will now be updated immediately.
- 107 - Users with the Medical Technician Role will now have view only access to the 'Local Medical Opinion' box
- Restricted cases will be marked as [RESTRICTED] in the case header when viewed

## Installation and Upgrade Notes

### Manifest
